

Energy-From-Waste

The Environmental / Safety / Social Issues

A Public Forum on the Proposed Durham/York Facility

When: Wednesday, May 9, 2007

Doors open 6 p.m. for Information Expo
Speakers begin at 7 p.m.

- Who:
- Paul Connett, noted specialist in waste management, Ph.D. graduate of Cambridge University in chemistry with over 22 years experience in the field of waste management
 - John Jackson, program director for Great Lakes United, an international citizens coalition dedicated to protecting and restoring the Great Lakes, has worked on waste issues for 30 years
 - Erin Shapero, Markham ward councillor and tireless advocate for environmental causes
 - Additional speaker(s) TBA

Why: Answering such questions as: what are the impacts on human health; is this the direction we should be heading in managing our waste; how many jobs are produced; are regulations in place to protect us; etc.

Where: CAW Local 222 Union Hall
1425 Phillip Murray Ave. Oshawa
