

How come regional chairman has so much power?

Mon Sep 17, 2007

To the editor:

This is not about whether or not I am in favor of Incineration, but a more important issue!

That being, who gave Regional Chairman Roger Anderson so much power?

I didn't vote for him, nor did thousands of other voters in Clarington, yet he calls the shots whether we like it or not, having said "it would have absolutely no effect whatsoever" if Clarington was a willing host.

Why do we waste money on elections to elect councillors if they don't get a say?

He doesn't even live in Clarington!
