

## **Resident sorry she voted for mayor**

Fri Apr 18, 2008

To the editor:

I have to admit that I did vote for Mayor Abernethy, and am not afraid to admit that I am sorry I did.

At the time I felt that he was in touch with the people and may have a fresh approach to local issues. Continually finding myself disappointed at his responses and behavior, it has become crystal clear he has no time for what the majority of residents of this community are wanting.

In regards to the incinerator the people are saying no. He does not care; does not value their concerns or opinions and apparently has his own agenda.

This most recent issue of wanting to be the chairman of the Green Community Advisory Committee is a definite conflict of interest that is totally unacceptable, and I think he should consider stepping down as the mayor. We, the people, voted him in and for that we get frustration and heartache. He clearly does not have the residents' best interest at heart.
