

Metroland Letter to the Editor:

Mayor's conduct raises questions

Thu May 08, 2008

To the editor:

My wife and I moved to Newcastle from Toronto around the time that Mayor Jim Abernethy was elected to office.

Since arriving in this area, which we both love a great deal, we have been astounded at the way that Clarington council performs, especially the performance and behaviour of the mayor! Is this guy for real? Does he not listen to the people who elected him to office?

Why is he allowed to continue ignoring Clarington residents? Why is he allowed to change the rules to suit his own agenda? And why do other members of council allow it to continue? The smirking photo of the mayor that you frequently use in your newspaper says it all.
