Confusion abounds over recyclables

Fri Nov 30, 2007

To the editor:

Count me as another of numerous people who are totally frustrated with trying to recycle plastic in Whitby.

What is good and bad seems to be subjective and/or at the discretion of the "person of the week" picking up the materials

Did you get notification of a banned list

Seems some clear plastic is not acceptable.

Wake up Whitby and Durham Region and don't hide it in the confusing pickup calendar.

Ted Greenfield

Whitby
